- The question was asked, "Why are we doing credit recovery for 7th and 8th grade students?" Mr. Plant stated that a large part was for content. Also, to promote the culture, "all grades count" and to help students get in good habits of caring about classes and grades.

- We are needing to spend some money so there is not any carrying over to next year.
- Mr. Stromberg has sent out an email to teachers asking if there are any needs in any of their classrooms.
- Brian also talked about maybe finding something to spend moneys on next year that is around the same cost of providing Academic Coaches so that the money will be slotted and can be switched to the coaches come year 2023-2024 when we will need to pay for them out of the trust land fund.

School Improvement Plan Report/Goals:

- Use similar goals as last year.
 1. Reduce number of Fs by 5%. It was reported by Mr. Stromberg that we met that goal for 8th grade but did not meet that goal for 7th and 9th, but we were close.
 2. Limit number of credit deficient 9th grade student.
 3. Improve response rates. SEL lessons (Kindness type goals)
- Mr. Plant suggested to pinpoint 2-3 things from the surveys to focus on.
- We will vote on goals next mtg.

-Ann send out Marquee letters to businesses

-Joani talked about a business she contacted was more willing to donate product than money. Could we do that and when would we sell it and where?
